

General Rules & Guidelines

This document is only a summary of Rimbo's Terms and Conditions and does not replace them. This document is not personalized for you. The full information, including your obligations and rights can be found in the Rimbo Terms and Conditions - you should read them carefully.

Welcome to the new way of renting! By choosing to rent with aTemporal, you are joining the Rimbo rental revolution and helping the world move towards a deposit-free future!

Here at aTemporal & Rimbo we are excited to help you move in a cost-efficient, fast & easy way!

The following document is a summary of what Rimbo is and how it works - now and throughout your entire stay at your new home.

What is [Rimbo](#)?

Rimbo helps you to move cheaper, easier and faster. Rimbo is a simple, secure and affordable alternative to paying a cash deposit by reducing your move-in costs.

How does Rimbo work?

Instead of paying an expensive deposit or guarantee, Rimbo enables you to keep the deposit money in your pocket, so you can spend it on coffee, travel - or anything else!

You simply register your card with Rimbo instead of paying an expensive cash deposit, it's that simple, - it's free and Rimbo does not block your card in any way!

Pay only when necessary

You only pay for what you are responsible for. Simply pay with your card at 'check out'. This way, instead of paying thousands of euros upfront, you can pay only if and when there is a charge.

With Rimbo you are safe

Your card registration is limited up to one month of rent - exactly like a cash deposit - not more.

Don't worry: All charges above the agreed limit will be rejected by Rimbo. Once you 'check out' when the rent contract ends - your card registration will be cancelled.

Important for you:

- Be open and honest with us - we are here to help.
- You must update your personal and payment information on our online platform whenever there are changes to these.

- You must keep your card details up to date and valid at all times, otherwise you will have to immediately pay the cash deposit equivalent.

Please, note: Rimbo reports to credit agencies and bureaus all non-payments. Rimbo may trigger a collection procedure if Rimbo is unable to charge you due to you not providing and/or maintaining a valid payment method with sufficient funds throughout the period of your tenancy.

You understand that:

- You are responsible exactly like with a cash deposit and guarantees:
 - To pay rent on time
 - To take good care of the property where you live and pay for any damages if you caused them
 - To keep your obligations according to the rent agreement.
 - *Rimbo is not an insurance. We are a financial solution for you and your landlord.*
 - You must pay for any charges when they are submitted.
 - All your rights and obligations are described in the *Rimbo Terms and Conditions* - please make sure you read it.
-

In case you have any questions or need additional information, we are here for you!
